■ Highlights

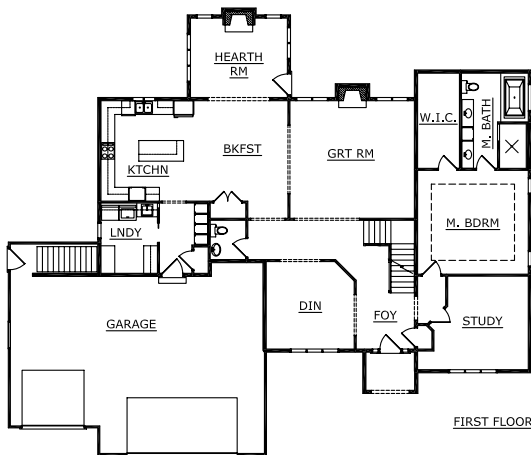

Experience the benefits when two generations of RUCON Construction combine their experiences and expertise to build a home! In this featured home, we blended the appeal of transitional design with the spaces and technology for today's active family.

- First-floor office, formal dining, hearth and laundry/organization area
- Cook's kitchen with custom maple cabinets, large island, granite countertops, tile backsplash, built-in appliances and pantry
- Master suite with custom tile shower, Jacuzzi whirlpool tub and heated floors
- Great room with plasma TV and surround sound
- Brazilian Teak hardwood floors on first floor and upper hallway
- Lower level with great room, wet bar, gaming room, flex room, fireplace and full bathroom
- Whole-house security and sound system

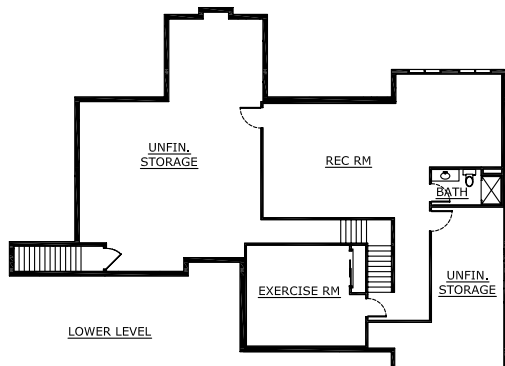

RUCON Construction is a family-owned, hands-on construction company that has been building homes in the Fox Valley for more than 20 years. We pay special attention to the small details of true quality craftsmanship by treating every home as if it were our own. Special thanks to our subcontractors and suppliers who are dedicated to working with us and upholding the quality standards we demand and our customers expect and appreciate.
